VERTICAL STORAGE RACKS

STANDARD MODELS

Model No.	H x W x D (In.)	Capacity (Lbs.)	Wt. (Lbs.)
CR-834	84 x 36 x 24	3,000	110

STANDARD FEATURES & BENEFITS

3,000 lb. load capacity per unit

Use as an island of storage or as a continuous row

Stores long material up to 12' long

Shelves are 12 gauge steel

Individually packaged and ships unassembled (KD)

Painted gray

All-welded steel components bolt together for quick and easy assembly creating a rack that stores long material vertically. Arms extend 6" beyond shelves creating divided storage. Four separate shelf levels allow for storage of smaller lengths and drops in same bay. Use in tool rooms, maintenance areas, machine centers, storage areas and point-of-purchase displays.
