AMCO® WIRE SHELVING

- Unique square post design uses 27% more steel for greater strength and durability than typical round post systems
- Frame is 12-ga. solid steel
- Solid 2-1/8" robotic welds provide more stability than the two spot welds used on round post systems
- Shelves come in 5 widths and 8 lengths
- Shelves up to 48" long support up to 1,000 lbs. (450 kg)
- Shelves are available in wire (standard, extra-wide, slanted and inverted with ledge) — plus heavy-duty, 18-ga. solid stainless steel, and plastic (Plasteel® and Plastic Plus®)
- Assembly is fast and easy
- Shelves have solid edges instead of truss edges, making them easier to clean and label
- Other models available

ISS CONTENDER® WIRE SHELVING

- ISS Contender™ round post shelving is a strong, economical solution for both dry and refrigerated storage needs
- Available with Plating Plus™ finish for display and dry environments — or Contender Grey™ Epoxy finish which is warranted for seven years against naturally occurring corrosion in high-moisture, high-humidity environments
- Each 48" shelf is rated to support up to 800 lbs. (363 kgs) of uniformly distributed static load weight — longer shelves can support up to 600 lbs. (272 kgs)
- Assembles in minutes without tools or hardware
- Shelves are installed on the posts in 1" (25mm) increments — and can be changed easily as storage needs change

IC2448KITCG	24 x 48 x 72
IC2460KITCG	24 x 60 x 72

ISS® WIRE SHELVING

- Durable round post system is interchangeable with other manufacturers' shelving products
- Ideal for most any environment
- Shelves up to 60" long are rated to support 1,250 lbs. of uniformly distributed static weight
- Shelves feature extra trusses for a higher load rating, less deflection and the ability to use longer shelves
- Posts are numbered on 1" increments to speed assembly and ensure more precise shelf alignment
- Our one-piece hinged Sure-Lock™ coupler makes assembly easy and improves stability
- Shelves are available in wire, dunnage, Series 300 solid stainless steel and plastic
- Marine waterfall shelf edge allows easy loading and unloading
- Other models available

A BAKERY

KELMAX® ALUMINUM Z-RACKS

- Z-Racks have reinforced gussets for greater strength
- Heavy-duty runners welded to uprights
- Holds 20 bun trays
- Keeps product fresher by allowing food to thaw properly
- Nesting reduces storage footprint by up to 50%
- Lifetime guarantee against rust
- Units have standard 5" polyurethane casters

MODEL #

4H7207

KELMAX® ALUMINUM FIXED SHELVING

- Aluminum construction offers higher load ratings — so larger loads can be supported across a longer span of shelving
- Aluminum shelving is ideal in hot or caustic applications that might damage the coating of wire shelving
- Kelmax shelving is warranted to be free from manufacturing defects for five years
- All welded aluminum shelving ships set up
- Overall height is 60" for 2 and 3-shelf units and 72" for 4-shelf unit
- Mitered top for extra strength
- Clearance between shelves:
 - Two-shelf unit: 48.5"
 - Three-shelf unit: 22.5"
 - Four-shelf unit: 18.5"
- Choose from 3 types of shelves

UNIVERSAL® STAINLESS PREP TABLES

- Standard N Series: 16-gauge 304 Series stainless steel top
- Square edge design for clean abutment to other equipment
- Legs: 1-5/8" O.D. 16-gauge stainless steel with adjustable bullet feet and stainless steel gussets
- Crossrails: 1-5/8" O.D. 16-gauge stainless steel notched to fit legs and fully welded
- Undershelves: 18-gauge 304 Series stainless steel with corners notched to fit legs and fully welded
- Standard working height is 36"
- All tables 84" and longer come standard with 6 legs
- Ships welded and set up - no assembly required
- Contact a Sales Representative for undershelf options

FREESTYLE® CANTILEVER SHELVING

- Each shelf has a load-bearing capacity of 600 lbs. with a unit rating of 1,800 lbs. for cantilevered shelves and 1,000 lbs. capacity on the bottom shelf — for a total unit capacity of 2,800 lbs.
- No front uprights — so it offers greater accessibility
- Increases sq. ft. and cubic volume storage capacity in existing footprint
- Adjustable shelves on 2" increments for maximum flexibility — no tools required
- Unit is fully expandable side-to-side with Add-On unit — using common uprights with dual-side adjustment
- Durable heavy-duty steel construction

- Shelves, uprights, and frame kits have a durable grey epoxybased finish with advanced antimicrobial protective agent
- Complete assortment of accessories including hanger rails and shelf covers in wire and stainless steel

ISS® WIRE SHELVING

- Durable round post system is interchangeable with other manufacturers' shelving products
- Ideal for most any environment
- Shelves up to 60" long are rated to support 1,250 lbs. of uniformly distributed static weight
- Shelves feature extra trusses for a higher load rating, less deflection and the ability to use longer shelves
- Posts are numbered on 1" increments to speed assembly and ensure more precise shelf alignment
- Our one-piece hinged Sure-Lock™ coupler makes assembly easy and improves stability
- Shelves are available in wire, dunnage, Series 300 solid stainless steel and plastic
- Marine waterfall shelf edge allows easy loading and unloading
- Other models available

VC COUNTER® WORKSTATION SOLUTIONS

SPG can customize an integrated counter system that's perfectly tailored to your space and your work processes. Seamlessly integrated top-of-the line materials combined with ergonomic design create a system that maximizes utility, optimizes workflow, improves storage and promotes a clean, organized workspace.

The modular counter system will deliver the lowest cost of ownership and drive staff productivity in every area of your operation — including:

- Drive-Thru · Dining
- Food Prep · Bakery
- Front Counter Operations

UNIVERSAL® STAINLESS ERGONOMIC ADJUSTABLE TABLES

The Universal® Stainless Adjustable Ergo Table is designed with a fold-away hydraulic crank — so the work surface can be raised or lowered quickly and easily. As a result, these innovative tables provide a customized fit for each employee — to improve staff comfort, increase productivity and optimize efficiency.

- Quickly, easily adjust table surface heights from 30" - 42" or from 34" - 40"
- Uses 100% food-safe hydraulic fluid in a closed-loop system
- All models feature bullet feet, and can be ordered with casters by adding the suffix C to the part number.
