Shelving - Racks - Carts - Tables - Sinks

spgusa.com
Get to know the 8 Product Lines of SPG

The SPG name has only been around since 2010, however the product lines that comprise our company have been among the most well-known and respected names in the foodservice business for nearly six decades. Individually, each of the product lines below brings unique expertise, capabilities and quality to foodservice operations. Together, they offer you a total turnkey solution.

AMCO®: The industry leader in premium shelving, equipment and accessories that utilize an ultra-strong square-post system.

ISS™: Strong, versatile wire-based shelving, wall storage systems, carts, racks, dollies, workstations and more.

ISS Contender™: The industry's workhorse in wire shelving and accessories — the ideal choice for general applications.

Freestyle®: Strong, versatile and space-efficient, Freestyle® freestanding cantilever shelving and workstations provide maximum performance for every area of your operations.

Kelmax®: The gold standard in aluminum equipment — from storage and transport to specialty items for everything from produce and bakery to material handling.

Universal® Stainless: The stainless steel fabrication specialists — offering a vast array of sinks, tables, cabinets, shelves, racks, stands, counters and more.

Gillis® & Jarke®: SPG's two material handling lines deliver equipment that's tough, durable, innovative, efficient and economical.

SPG

There are opportunities everywhere in your operation. We'll help you find them.

While we are happy to sell a customer a single piece of equipment, the real value we provide is our ability to analyze your operation and design a comprehensive solution customized to your unique needs. Working with you, we'll help you uncover the hidden opportunities that exist in your facilities. Then, we'll help you select the right systems and integrate them into your operation in a way that increases workflow, maximizes storage capacity, improves employee productivity, cuts costs and increases profitability.

We can offer you these services because SPG manufactures the widest selection of equipment solutions on the market. And, we match that selection with years of proven experience.

Our comprehensive product selection can provide an integrated system that encompasses every facet of your operations. From the backroom to the bakery to the bar...from the drive-thru to the dish and dry storage areas...we'll put together the equipment — and a comprehensive plan — that will help you maximize the efficiency and performance of your business.

AMCO® Plastic Plus® & Plasteel® Shelving

AMCO® Plastic Plus® Shelving

· Grey polypropylene plastic removable panels easily snap onto heavy duty epoxy coated frames

· Sectional panels can be easily removed from frames for cleaning — no tools or hardware required

· An antimicrobial agent protects the finish from bacteria, mold, mildew and fungi that cause odors, stains and product degradation*

· For all environments from -20°F (-29°C) to 190°F (88°C)

· Strength rated to support 1,000 lbs. (455kg) of uniformly loaded static weight per shelf

· Fits standard AMCO® square posts and is compatible with other AMCO® shelving products

· Stainless steel posts recommended for a rust-free solution

  * This product does not protect users or others against bacteria, viruses, germs or other disease organisms. It is for the protection of the product only. This antimicrobial product should always be thoroughly cleaned after each use.

AMCO® Plasteel® Shelving

· Steel-reinforced plastic shelves support 1,000 lbs. each

· Available in solid or vented style — solid style has raised edge to contain liquid spills

· Grey high-impact structural foam plastic

· May be used with all other styles of Amco® shelves

· Solid style accepted by the United States Department of Agriculture for direct food contact

· Stainless steel post recommended since it never rusts

ISS® Wire Shelving

- Durable round post system is interchangeable with other manufacturers' shelving products
- Ideal for most any environment
- Shelves up to 60" long are rated to support 1,250 lbs. of uniformly distributed static weight
- Shelves feature extra trusses for a higher load rating, less deflection and the ability to use longer shelves
- Posts are numbered on 1" increments to speed assembly and ensure more precise shelf alignment
- Our one-piece hinged Sure-Lock™ coupler makes assembly easy and improves stability
- Shelves are available in wire, dunnage, Series 300 solid stainless steel and plastic
- Marine waterfall shelf edge allows easy loading and unloading

ISS Contender® Shelving
- ISS Contender™ round post shelving is a strong, economical solution for both dry and refrigerated storage needs

- Available with Plating Plus™ finish for display and dry environments — or Contender Grey™ Epoxy finish which is warranted for seven years against naturally occurring corrosion in high-moisture, high-humidity environments

- Each 48" shelf is rated to support up to 800 lbs. (363 kgs) of uniformly distributed static load weight — longer shelves can support up to 600 lbs. (272 kgs)

- Assembles in minutes without tools or hardware

- Shelves are installed on the posts in 1" (25mm) increments — and can be changed easily as storage needs change

AMCO® Mod-A-Flex® Shelving

- Designed for walk-in coolers and freezers
- Ceiling mounted — no need to reinforce side walls
- Boosts capacity by up to 30% with the freedom to adjust shelves to the height of the product being stored
- No posts on the floor make cleaning easy
- Shelves can be removed without tools for cleaning
- Easy and fast adjustment of shelves; simply slide the shelf sideways to lift out of current location
- Antimicrobial grey epoxy coating for maximum cleanliness and moisture resistance

Every detail of the Mod-A-Flex® system is designed to improve employee efficiency, productivity and speed of service — reducing labor and storage costs while contributing to overall operational results.

Mod-A-Flex® not only increases storage capacity up to 30% ... it also offers greater organization and higher visibility of stock... shelves can also be quickly and easily removed and repositioned...and because there are no posts, cleaning the floor is faster, easier and more thorough.

Stationary & Mobile Security Units

AMCO® Security Shelving

- Lockable wire enclosure limits opportunities to steal, reducing losses due to theft
- Provides a secure area with adjustable shelving for storage of costly items that tend to disappear
- 2"x 2" wire-spacing prevents small goods from being removed
- Door secures at both top and bottom, and handle has hasp design so it can be padlocked (padlock not included)
- Shelves and posts may be ordered in any available finish — enclosure available in Plating Plus™ finish only
- Available in stationary and mobile models — choose from a variety of standard caster offerings

Freestyle® Workstation

- The ergonomic design maximizes usable kitchen space and provides added storage for packaging, smallwares, menus, ingredients, utensils and more
- An impressive total load-bearing capacity of 2,800 lbs.
  — each upper shelf has a 600-lb. capacity
  — bottom shelf capacity is 1,000 lbs.
- Plug and place steamers, microwaves, food warmers and other standard equipment
- Fast, easy cleaning of food prep surfaces and overall structure
- 30" deep stainless steel work surface provides plenty of area for prep work
- Open-base design delivers adequate space for a fridge under the work surface of the 48", 54" and 60" models
- Shelf and work surface heights adjust in 2" increments
- Add components or shelves without tools
- No front uprights for an uninterrupted work surface

Before you choose a workstation, consider why so many major national foodservice operations have turned to Freestyle® to improve storage, efficiency and productivity.

Freestyle® combines the versatility and flexibility of a freestanding unit while providing rock-solid strength and stability to support steamers, microwaves and other vital equipment

From the ability to add or reconfigure shelves quickly and without tools to the wide selection of accessories available — everything about Freestyle® is customizable.

Unlike most competitive units, Freestyle® doesn't require a bottom shelf for stability — freeing up floor space underneath for a refrigerator at a prep station or a safe at the Drive-Thru.

Storage is enhanced by virtue of a 2,800-lb. unit capacity... shelves that can be positioned in 2" increments...and shelf surface areas that are uninterrupted by front uprights.

AMCO® Take 10® Can Storage

This patented, gravity-fed can storage system delivers front load/front unload FIFO inventory control — Take 10® maximizes your storage space while providing unparalleled access to inventory.

• You can use Take 10® modules on your existing shelving or purchase a complete can storage system
• Modules can be stacked atop each other so that your storage system can expand as your needs grow, while conserving valuable space
• Fits onto all brands of shelving at least 18" deep and 42" long

SM2-MB

Kelmax Full Size Can Racks

• Organize your stock room with the 4H1580 unit
• Ships set up, ready to use
• FIFO Can Rack holds 156 cans — 13 cans per opening
• FIFO is First In - First Out; load and empty from front
• All welded aluminum construction will never rust
• Mobile kit available factory installed for safety
• 5" poly U plate casters, 2 swivel w/brakes and 2 rigid

Kelmax Half Size Can Racks

• Unit doubles as work table so you maximize your space
• 5" poly U expandable stem casters, 4 swivel, 2 with brakes
• Ships set up, ready to use

Universal® Stainless Compartment Sinks

- Available in 16-ga. (N Series) or 14-ga. (SL-Series) 300 Series stainless steel construction

- Fully fabricated bowl with full metal thickness throughout for greater strength than a drawn sink

- 9" high integrally formed backsplash, with 2" return to wall at 45°

- 2 -1/2" high, 180° sanitary rolled rim at all free edges

- Leg assemblies are located directly under sink bowls for greater load support

- Legs are 1-5/8"diameter tubing with adjustable bullet feet

- Comes with basket drains and 1-1/8" faucet holes punched in backsplash on 8" centers as required

- NSF listed and CSA certified
